

अयोध्या

SOIL TO SOUL

EXQUISITE WEEKEND HOMES

environmental friendly dimension to
your up scaled lifestyle.

We are Ahmedabad based real estate
development group and are well known
in the industry for our motto which is
"Green and Sustainable Lifestyle"

MR. SANYAM SHAH

Ayodhay is a very special project for us because it's one of a kind concept that combines authenticity and ethnicity. The vision behind crafting Ayodhya is not only giving an Eco-friendly and pollution-free lifestyle to the residents, but it's an entire process of taking a person back to an Era of a sublime and holistic way of life. The aura that Ayodhya gives you is a splendid experience of connecting you with yourself and your roots.

Curating the souvenir
of an organic life

Ayodhya is one of a kind concept that drives you into the ambience of medieval era that is designed to rejuvenate with an ecologically and socially enhanced lifestyle, with all the amenities that holds all your needs. It creates an aura that awakens your conscious to embrace sustainability in the favor of nature.

A photograph of a park at sunset. Large, mature trees with dense green foliage frame the scene. The sun is low on the horizon, creating a warm, golden glow that filters through the trees and illuminates a grassy field. A simple wooden bench sits in the middle ground, facing away from the viewer towards the sunset. The sky is filled with soft, orange and yellow clouds.

Soil to Soul

A subtle and sustainable home
that is dedicated towards
a lifestyle that inhabits the
elements of natural environments,
organic farming, holistic health,
and spirituality.

HASTISHALA

For mighty and majestic

Eco-friendly construction techniques

Keeping in focus all the sustainable raw materials, we have rammed earth plaster and cavity walls for your homes to maintain the cool temperature.

Water recharging recycling

Storage tanks are placed to accumulate the rain water to ensure the availability of water for an entire year. ground water recharge technique is used to increase the water level below the ground.

Green waste management

Green waste is recycled to make compost, so that it can be used as manure for all the trees around. apart from that sewage treatment plants are used to save water.

No vehicles, no pollution

We aim at giving an atmosphere of an organic and healthier lifestyle, that enables us to make ayodhya a place Where vehicles aren't allowed to pollute, and chariots are used for commute.

No plastic policy

We aim at giving an atmosphere of an organic and healthier lifestyle, that enables us to make ayodhya a place Where vehicles aren't allowed to pollute, and chariots are used for commute.

Oxygen rich environment

Our lush green orchards with a variety of plantations to make sure that the surroundings around you makes you feel fresh, healthy and allows you to breathe in an natural environment.

Aligned as per the science of Vastu-shastra

Ayodhya is planned according to the principles of vastu-shastra by a skilled professional to make your home filled with the flow positive energy and to prevent the possibility of any uneven circumstances.

Vocal for local in it's true sense

At Ayodhya, local artists and masters are encouraged and provided with a way to preserve and conserve their beautiful art in the most efficient and creative way.

Maximum use of swadesi products in making of ayodhya

Ayodhya is created with the maximum use of swadeshi products and techniques as we do believe in the our ancient architecture and historic monuments that are still soaking high and making the statement of a strong and healthy structure.
